**Can't find your name on the list?
 Use these rules to translate it yourself!**

The Rules:

- There are only 13 letters in the Hawaiian alphabet: A, E, H, I, K, L, M, N, O, P, U, and W.
- The consonants H, K, L, M, N, P, and W are pronounced exactly as in English.
- If a name ends in a consonant, add a vowel.
- Always place a vowel between consonants.
- When consonants are combined with H (i.e. Sh, Ch, Th) drop the H before figuring out the letter substitution.
- When consonants are doubled (i.e. tt, cc, mm) drop one of them.

Pronunciation of Vowels:

- A – ah
- E – ay
- I – ee
- O – oh
- U – oo

The following conversion table can be helpful in translating names:

English Consonant	Hawaiian Consonant
B, F, P	P
C, D, G, J, K, S, T, X, Z	K
L, R	L
V, W	W
J, Y	I
All others	No change
